
Surgical Technology

The surgical technology program provides a planned course of classroom study and clinical practice in operating room techniques and principles of asepsis. **This program is a joint cooperative arrangement with Southeast Community College and Northeast Community College.** General education and academic support courses are provided by Northeast Community College. Surgical technology courses are taught on-line through Southeast Community College. Clinical experience is provided in cooperation with Faith Regional Health Services in Norfolk, Nebraska, and the area hospitals.

Program graduates earn an associate of applied science degree from Southeast Community College and are eligible to take the National Certification Examination for certified surgical technologist status.

Northeast Community College Courses for Associate of Applied Science Degree (2 years) Awarded by Southeast Community College
